Description

Dragonfly is a brand new construction custom "almost beach front" home that is professionally decorated with high end finishes that is not common in Gulf Shores. It is fully loaded with everything you need and will want from the new home smell to the heated pool, bikes, fire pit, arcade games, corn hole, chef's kitchen, 4 king bedrooms with 2 en suites, full coffee bar and did I mention you will be 50 steps from the beach.

If you're sick and tired of old run down beach houses then Dragonfly will blow you away.

Dragonfly has been designed with you in mind as we want you to immediately feel relaxed when you walk in the front door. Tremendous attention has been paid to the textures, color palette, and placement of every little detail in the house.

The layout of this 6 bedroom 4 bathroom house and the additional game room is perfect for families to gather and to separate when needed so you can have your own space.

The kids can fight it out playing PacMan and Galaga in the game room while mom and dad enjoy a nice cabernet on

the front deck listing to the waves or chilling at the pool.

From the time you book until check out we are here to serve you and answer any questions that may arise, but we will give you your space and not bother you.

Dragonfly is located 50 steps form the beach in West Beach which is just 2 miles from The Hangout. It is close enough to access everything, bur far enough away to separate from the tourist attractions.
